Thank you for sharing your proposed updates.

Regarding Section 24.29; D (Item 8 - Attachment C, page 14 of 15

"All persons"....vs. "City agencies, employees and officials"....

Can you clarify who is included in "All persons"? It implies literally "anyone". Or does this refer to anyone doing business with the city as well as employees, etc.?

Other than this query, I agree your updates improve the procedures and the fairness for all concerned.

Thank you for sharing.

Anastasia
